Dear Bertrand:

About A Face in the Crowd, I am just now making arrangements to send this film around a circuit of American college audiences. As soon as this gets launched I'll be glad to talk to Marechal. I'm still interested in his proposal. When you see him next, tell him; in fact, please call him for me and explain why the delay.

I'm looking forward to getting Michel's notes, his reactions, to my film.

I still don't know if I am coming there so won't answer your letter in detail should I see you in person.

My warmest affection,

EK/vml
